Ideas to be Intentional with Community

- ***Start a private Facebook Group with your neighbors - inviting them to share needs and encouragement/ideas.***
- ***Text/email/message through your contacts starting from A-Z - checking in with people, praying over them, and encouraging them.***
- ***Contact anyone who is elderly or in the vulnerable category to see if you can help them by picking up groceries, prescriptions, or dropping a meal off at their door.***
- ***Write your friends and send them a letter...by mail! (You buy a stamp, put it in the left corner, write their address on the front and put the letter on the inside).***
- ***Start a Zoom or Facetime hangout with some friends! Play games, pray, eat a "meal" together, watch the same movie on Netflix and chat about it.***
- ***Set up a prayer schedule, praying over family, friends, co-workers, our leaders, other countries (See Roots Prayer Prompts on our website).***
- ***Reach out to co-workers and let them know you care and are here for them.***
- ***Share the Gospel with those who you know do not know Christ. Now more than ever there is an opportunity to share the Good News to someone in need of Him.***
- ***Learn the 3 Circles Illustration! <https://youtu.be/V7mURm-8cOI>***
- ***Try to read a chapter of a book each day.***
- ***Memorize a verse a week as a part of our Discipleship Challenge.***
- ***Bake cookies and drop them off at your neighbors!***
- ***Pick a book of the Bible to do an in-depth study on.***
- ***Pick a topic in the Bible to do an in-depth topical study on.***
- ***Create a regular schedule to keep while working from home. Work in exercise, prayer, devotional time, breaks, etc.***
- ***Do one of those projects that you've been meaning to get around to!***
